

2010 Fall Symposium and Vendor Exhibition

**Drug metabolism/transport interplay:
regulatory, therapeutic and
toxicological implications**

Sponsored by the
North Jersey ACS
Drug Metabolism Discussion Group

Introductory remarks

- **Dr. Rosalinde Masereeuw**, *Regulation of renal drug transport under physiological and pathological conditions*
- **Dr. Rommel G. Tirona**, *Pharmacokinetic determinants of statin-induced myopathy*
- **Dr. Raymond Evers**, *Drug transporters in drug development*
- **Dr. Kenneth E. Thummel**, *Regulatory interplay between vitamin D and CYP3A4 in the small intestine*
- **Dr. Michael H. Court**, *Inter-individual variability in human drug glucuronidation: What we know and what we need to know*

Introductory remarks

- Posters
- Students/Postdocs
- Vendors
