

ChemExpo 2019

At Liberty Science Center, Jersey City, New Jersey

10:30 am – 3 pm on Saturday, October 19, 2019

Call for College Students

ACS Student Chapters and Chemistry Clubs of colleges and universities of New Jersey are invited to participate at the exciting, fun-filled celebration of the National Chemistry Week – The 25th *ChemExpo*.

Like the past years, we will run a contest and *Sister Marian Jose Smith* Awards will be granted to the top two teams for presenting the most exciting demonstration and/or hands-on activity pertaining to the theme, “Marvelous Metals”, and providing a clear explanation for the audience. The judges will use the Evaluation Criteria listed in the document named “*Judging Criteria*”. You may use this document to design your activity for the contest. For more information, visit <https://www.njacs.org/national-chemistry-week> . You may design more than one activity however we will judge you on only one activity of your choice.

To minimize duplication of the presentations, please email us the list of activities that you/your team would like to present preferably by October 10th, 2019. Individuals contacting us first with their idea(s) will be given priority. Please be thorough in your presentation and explanations so that the visitors and/or students are able to redo these experiments at home and/or at school. Please register at <http://tiny.cc/NJACSchemeexpo2019> by October 1, 2019.

Sincerely,

ChemExpo 2019 Committee
